Most Significant Change
Pembrokeshire

What is it?

Easy Read Version

	Most Significant Change is about stories
	It's about telling stories that show a change
	A change for you or other people
	Because of something you are a part of
	The change can be good or bad

	Someone will listen to you
	To hear your story
	The stories will be looked at
	But your name won't be on your story
	Some stories will show similar things. These are called themes
	Some stories will be looked at by people who can make changes
	People will learn from the stories
	Stories are powerful

	We will tell you what happens to your story
	And what people have learned from all the stories
	So it is a good thing to do
	It means your voice is heard
	Ask the person who gave you this any questions
	Thank you!
